📍 freedomway lekki phase1, lagos

🔗 <https://ronald-portfolio-iota.vercel.app/>

Front-end and mobile developer with 3+ years of experience building fast, scalable web and mobile applications using **React, Next.js, React Native, TypeScript, Node.js, and Firebase**. Experienced working in fintech and logistics, delivering high-quality interfaces, improving performance, and collaborating in agile teams. Passionate about shipping clean, maintainable features and building products that improve everyday digital experiences

### 📁 PROFESSIONAL EXPERIENCE

01/2025 – 08/2025  
Lagos,nigeria

**Mobile App developer, <https://clutchenergies.com/>**

- Developed key mobile features that improved the efficiency of fuel delivery operations.
- Implemented responsive UI components and improved app consistency across Android and iOS using React Native + Expo.
- Worked closely with backend and product teams to integrate APIs and fix critical UI/UX issues.
- Enhanced customer experience by making order tracking, delivery scheduling, and communication smoother.

10/2022 – 09/2025  
lekki,lagos

**Internship, Kora Payment infrastructure, <https://www.korahq.com/>**

- Built and optimized user interfaces for fintech dashboards and payment workflows using React + TypeScript.
- Improved UI performance and reduced load times by refactoring components and optimizing API calls.
- Collaborated with designers and backend engineers to deliver clean, scalable features used by thousands of customers.
- Strengthened the reliability and accessibility of the platform through responsive design and reusable UI systems.

### 🎓 EDUCATION

10/2021 – 10/2025  
ota, ogun state

**Bachelor's Degree Management Information System (MIS),  
Covenant university, <https://www.covenantuniversity.edu.ng/>**

## PROJECTS

- 07/2025 – 08/2025 **NewsBeat, News app**
- Built a news app that delivers real-time updates, trending stories, and personalized content.
  - Integrated NewsAPI and implemented category-based browsing and search.
  - Designed a clean UI/UX with smooth navigation and image handling.
- 03/2025 – 07/2025 **Walltet Wise, financial management app**
- Developed an expense-tracking and group-saving application using React Native.
  - Implemented budgeting tools, savings groups, and real-time spending insights.
  - Enhanced user flow with animations, alerts, and persistent storage.
- 06/2024 – 09/2024 **Gote, E-commerce/marketplace platform**
- Built an engaging marketplace UI for product discovery and checkout.
  - Integrated secure payment handling and seller onboarding workflows.
  - Designed a responsive layout optimized for mobile and desktop.

## SKILLS

React.js • Next.js • Javascript • problem solving • node. express • firebase • react native • html • css • typescript • Github • python • communication • adaptabilty / flexibilty

## INTERESTS

**learning Artificial Intelligence (AI)** — Exploring how AI can improve user experience and product functionality. I'm curious about how AI can be integrated into modern web and mobile development to create smarter, more adaptive applications.
